

 **Member Story 08-09**

Provide one or two stories that in some way encapsulate your AmeriCorps experience.

Write your story in a way that best communicates to the public how AmeriCorps service gets things done. Especially include stories that communicate the IMPACT your service had on the recipient or recipients of that service, or on you, personally.

Wherever possible, include numerical results and creative solutions. Attach additional pages if necessary. Members using BWBRS can submit the story through the system. Please refer to the BWBRS Manual for details. Members can also email the story to [aeapmemberstory@cnavs.org](mailto:aeapmemberstory@cnavs.org)
